WCPHP Quarterly Meeting 2/16/17

West Central Public Health Partnership
Delta ✦ Gunnison ✦ Hinsdale ✦ Montrose ✦ Ouray ✦ San Miguel

February 16th, 2017

Agenda
10:00 am- 2:00 pm

- ▶ Review Budget

- ▶ Agree on Regional Public Health Priorities

- ▶ Review Capacity Assessment and Planning Activities

- ▶ Regional Grant Updates and Planning (STEPP)

- ▶ Partners from TCHN and CMH discussion of MH related outcomes

Overview of Regional Planning Process

Prioritization Goals

- ## Goal of Prioritization Process

  - Data driven decision to select priority areas for WCPHP collaboration over next 5 years

  - Areas ripe for impact

    - "The five-year goal is to "move the needle" on the issue, by either improving capacity or positively impacting a health outcome in a measurable way."- CHAPS website

  - Prioritization Matrix questions to guide process

    - Significance to Public Health

    - Ability to Impact

    - Capacity to Address the Issue

    - Prior Priority

Definitions

- Priority- Health Concern

- Goal- Population level, broad based outcomes

- Strategy- Broad approach of how we are going to reach goal
  - Group of activities and tasks to achieve desired outcome

Prioritization Process

1. Presented regional data to stakeholders in all six counties

2. Utilized Nominal Group Technique at stakeholder meetings to determine top health concerns in each county

3. Combined stakeholder meeting results using tool from OPPI

Prioritization Process

4. Reviewed available data from hospital community health survey and stakeholder survey

5. Dec 15th WCPHP reviewed regional data, stakeholder meeting outcomes, hospital survey

6. Core WCPHP team selected six priorities to rank with the Prioritization Matrix

Criteria/ Guidelines for Priorities

- ▶ **Number of Goal Areas - (decided to wait to determine)**
- ▶ **Environmental Health – at least one Priority Area**
- ▶ **Health Issue vs. Strategy**
- ▶ **There is a Public Health Role for the issue**
- ▶ **Priority was identified by majority of region during Stakeholder Meetings**
- ▶ **OK to add one if Leadership team feels something vital is missing**

- ▶ **Prioritization Matrix Tool - Consensus to use tool**
  - ▶ **Discussion to follow on determining/using weight option if needed**
  - ▶ **Tool as a discussion process vs. absolute decision-maker**

Region 10 Stakeholder Meetings

See color coded spreadsheet for county results

Health Concern	Number of Counties	Score
Mental Health and Substance Abuse	6	63
Access to Health	6	31.16
Obesity, Chronic Dis., Food	5	12.6
Active Transportation	5	9.8
Senior Concerns	5	8
Poverty	4	19.5
Affordable Housing (Safe/Healthy)	4	16.62
Health Literacy and Care Coordination	3	26.66
Immunizations	3	2.3

Six Priorities from Dec Meeting

▶ Mental Health/Substance Abuse (Suicide)

▶ Access to Health

▶ HEAL - Healthy Eating Active Living, Chronic Disease Prevention (Active Transport)

▶ Health Equity - Poverty, Environmental Justice (Affordable Housing)

▶ Healthy Housing - Water, Radon, Lead

▶ Communicable Disease Prevention - Immunizations, STDs, TB, Food Safety

West Central Public Health Partnership, December 15th 2016, Montrose County HHS
Prioritization Scoring Tool

Instructions: Rate each criteria on a scale of 0 to 2 with:0 = "no" 1= "somewhat" and 2 = "yes"	Significance to Public Health		Ability to Impact the Issue		Capacity to Address the Issue		Prior Priority	TOTAL	Rank
	Does the issue impact a large number or high percentage of people in our community?	Do health disparities exist? (Are sub-populations more affected than the general public?)	Do strategies exist that can be implemented locally produce the desired outcome?	Does community support for change exist, including political will?	Is a local organization prepared to take the lead on the issue?	Are sufficient resources (funding, staff, expertise) available or obtainable?	Was the issue a priority in your last public health improvement plan?		
Issue A. Mental Health	18	14	13	17	14	10	18	104	1
Issue C. Healthy Eating Active Living	14	12	15	15	14	16	18	104	1
Issue F. Communicable Diseases	11	10	16	10	16	14	9	86	3
Issue E. Healthy Housing- *Radon Lead*	15	17	12	11	9	8	5	77	4
Issue B. Access to Health	16	16	8	11	6	7	2	66	5
Issue D. Poverty/Health Equity	15	16	7	12	4	1	0	55	6

Phase 1

Next Steps in Prioritization:

- Narrow down list from 6
- Options: Health Equity as our Framework and Health Access as a strategy for Mental Health and/or Healthy Eating Active Living
  - Data driven decision to select priority areas for WCPHP collaboration over next 5 years
  - Areas ripe for impact
    - "The five-year goal is to "move the needle" on the issue, by either improving capacity or positively impacting a health outcome in a measurable way."- CHAPS website
  - Prioritization Matrix questions to guide process
    - Significance to Public Health
    - Ability to Impact
    - Capacity to Address the Issue
    - Prior Priority

Six Priorities from Dec Meeting – Ranked

▶ Mental Health/Substance Abuse (Suicide)

▶ HEAL - Healthy Eating Active Living, Chronic Disease Prevention (Active Transport)

▶ Communicable Disease Prevention - Immunizations, STDs, TB, Food Safety

▶ Healthy Housing - Water, Radon, Lead

▶ Access to Health

▶ Health Equity - Poverty, Environmental Justice (Affordable Housing)
